

EUFIS European Financial Services

Horizon 2020 Financial Training

November 12
Brussels, Belgium

Horizon 2020 Financial Training

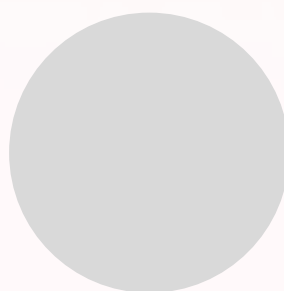

Horizon 2020 Financial Training is one of the annual training sessions organised by the European Financial Services (EUFIS). We aim to train companies applying for the public funding from the European Commission in accurate reporting of the project's finances. Whether you are already an experienced applicant of the Horizon 2020 or a newbie planing to submit your proposal, our training will shape your financial knowledge and provides you additional insights about the reporting. Get on board, our team looks forward to seeing you among our trainees!

Speakers

Omer Khan

Co-founder of EUFIS,
CFO specialized on the
Horizon 2020

To be announced

EC Funding Officer

Venue

Science14

14b Rue de la Science – Brussels

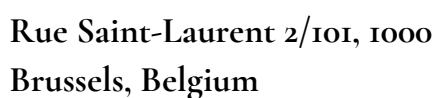

A detailed photograph of a historic European building facade, likely in Brussels, featuring ornate stone carvings, statues, and a central pediment. The architecture is highly decorative with many windows and sculptural elements. A semi-transparent grey box is overlaid in the center, containing the event title and date.

About Us

We offer the most transparent Horizon 2020 Financial Reporting you can experience to make it eligible for obtaining public funds.

EUFIS's objective is to minimize the risks for the partners/LTPs and to minimize its global error rate. Besides financial services we organise training sessions customized for the H2020.
